CERTIFICATE OF COMPLIANCE : FOOD CONTACT

MAM SHEETS

The MAM sheets, manufactured by Wenlor Packaging (Pty) Ltd, are safe for contact with foodstuffs and complies with the below legislation.

- USA FDA Code of Federal Regulations CFR21 §176.170 (components of paper and paperboard in contact with aqueous and fatty foods)
- The limits specified in Directive 94/62/EC on packaging and packaging wastes for the presence of heavy metals (lead, cadmium, mercury and hexavalent chromium) in packaging materials.

In relation to ensuring that the paper used to manufacture MAM sheets complies with the above legislation, samples are regularly sent to Pira International laboratory, a UKAS (United Kingdom Accredited Service) Testing Laboratory for independent analysis.
