Hi Guys,

I refer to my request below for your BRC, Hassap, Food Safety & Quality systems certificates or systems. These are required by Kaapagri in order to do business with food companies exporting from RSA. The different packhouse audits start now and if these are not available it could mean we are unable to supply your product to the different packhouses.

Your immediate attention to this request would be appreciated.

Regards

Bryce

Hi All,

It is that time of year again when all your BRC, Hassap, Food Safety &, Quality systems certificates are required. Please would you scan in the desired documents and send them to me ASAP. Note failure to do this could result in the company not being listed for packaging that comes into contact with food.

Regards
