Opacifying agents-Declaration

StePac products are made of polymer resins and additives complying with the requirements of Federal Food, Drug & Cosmetic Act 21 code of Federal Regulations 177.1500 and 177.1520, European Directive no. 10/2011 and all subsequent amendments up to and including 2015/174, 2002/72/EC, 2005/79 and Israel Standard 5113.

Our products do not contain Opacifying agents.

Analysis in a certified laboratory are done to confirm that migration levels do not deviate from European Directive no. 10/2011 and FDA regulations, 21 CFR.

Kind regards
Ruthy Sonsino Chem
